Dear Parents & Carers,

National Online Safety Resource

Faringdon Infant School is committed to delivering e-safety education to enable pupils to understand that whilst technology and the internet are fantastic resources for education and entertainment there can be potential risks and dangers when exploring the online world. As part of our commitment to e-safety education we have subscribed to the National Online Safety resource. This is a fantastic resource that not only provides us with resources to support children's learning and staff development but also provides fantastic resources for parents and carers too, so that you can access online video resources and weekly guides covering a huge range of online safety topics. These are terrific resources that give you a wealth of information to help you support your child as they explore the online world. The guides are updated on a regular basis so they stay up to date with the ever changing online world. There are great guides explaining different apps, remote learning and other online safety issues. Some of the topics include:

- Online Relationships
- Fake Profiles & Social Bots
- Online Bullying
- Online Grooming
- Child Sexual Exploitation
- Sexual Harassment & Violence
- Sexting
- Live Streaming
- Online Identity
- Screen Addiction
- Online Challenges
- Overspending
- Social Media Platforms
- Online Gambling
- Radicalisation, Terrorism & Extremism
- Age Inappropriate Content
- Copyright & Ownership
- Hacking
- Fake News
- Online Fraud
- Online Reputation
- Personal Data
- Pornography
- Targeted Adverts & Pop-Ups
- The Dark Web
- Games & Trends
